

PRESS RELEASE - NEW OFFICE OPENS IN BARCELONA - 1st JUNE 2008

Large Yacht Solutions Ltd are pleased to announce the opening of their first Large Yacht Refit office in Barcelona. The new venture for LYS signifies the expansion of the company into the Refit and Technical Support Sector with a range of in-house refit services under the expert guidance of Refit and Technical Manager, Dave Collinson.

Richard Orme, Managing Director of LYS (ex MCA surveyor, Naval Architect and Yacht Manager), combines his Owner's Representative skills with the 14 years Yacht Chief Engineer operational experience of Dave Collinson, providing an unrivalled team to assist in the preparation and completion of your refit.

With the ability to offer impartial refit project management support and advice in any one of Europe's leading shipyards, with one of those being on our door step, the Large Yacht Refit team is here to help ensure your refit runs on time and on budget.
